PROGRAM

Drew Newstrom - Enterprise Fleet Management – Enterprise has partnered with several local cities and municipalities to help stretch their capital and operating budgets with regards to their fleet of vehicles. We offer a variety of ways of funding the vehicles (including cash), but the one most PD's are taking advantage of is our municipal lease. The municipal lease (lease with purchase option) has no mileage restriction and no damage penalties. It's giving local PD's the opportunity to replenish aging pursuit units with less capital budget impact. Our local partners are able to, "do more, with less".

Recent example:

Miami-Dade Public Schools Police department had a budget that allowed them to get 8-9 vehicles each year over a 5-year period. With our help, they were able to get 46 new pursuit vehicles in year one, while also drastically reducing their operating budget.

Miriam Firpo-Jimenez - from NJCC, would like to introduce the SAO Liason and Law Enforcement Liaison. They will be sharing goals of the position and some statistical data.
